## **Birthright International ~ 50<sup>th</sup> Anniversary 1968-2018 ~** quotes from Louise Summerhill, founder:

“Most babies are unwanted because their mothers are realistic and think that they cannot offer a decent life for their children. In reality, it is not the mother who decides that the child is not wanted but rather the society to which we live which labels the child “unwanted.”

“True compassion recognizes no boundaries nor lays down any condition.”
